

## ENVIRONMENTAL POLICY

**Elec Power Technologies Pty Ltd (EPT)** is the largest multiple UPS manufacturer, approved distributor and service agent in Western Australia, providing professional and reliable sales and expertise across a wide range of quality power protection equipment and manufacturers, including all facets of design, construction and installation.

**Elec Power Technologies Pty Ltd** recognises the importance of protecting the environment for the benefit of our customers, employees, shareholders and the community. Our commitment is to deliver our projects in an environmentally responsible manner.

Specifically, **EPT** is committed to:

- complying with all relevant environmental legislation, regulations, Codes of Practice, Compliance Codes, Australian Standards and contractual conditions
- preventing the pollution of the environment by activities under our control
- conducting business with suppliers and sub-contractors who also have a commitment to responsible environmental management
- continually improving our environmental management performance by regular reviews and setting realistic environmental objectives and targets.

To achieve our Environmental Policy, we will plan and manage our activities in accordance with best practice principals.

Compliance with this Environmental Policy is mandatory for all employees and sub-contractors and is a condition of employment and contract. Through training and education, all employees and sub-contractors will be capable of meeting the objectives of this Policy.

EPT is committed to:

- conducting regular environmental inspections and audits of our operations to ensure waste and pollution are prevented or minimised
- maintaining a commitment to continually improve environmental management
- maintaining a framework for reviewing environmental objectives and targets through analysing the environmental risks at each new site
- cooperating with appropriate authorities and ensuring all licences, approvals and permits are current
- developing and implementing emergency plans in order to minimise any adverse environmental impact
- Continually improving and upskilling employees in environmental safety/objectives

Management fully endorses this Environmental Policy and the HSEQ Manual that has been implemented.
